ARTICLE III - PHILOSOPHY OF EDUCATION

Mission = Christian Education Committed to Excellence

The educational process in a Christian school is dependent on a Biblical philosophy, which provides the right world view and essential truths for life so that children may be prepared to assume their proper place in the home, the church, and the state. Accordingly, the world view of education for Resurrection Christian School is as follows:

Our Educational Philosophy is to train young people spiritually, academically, socially and physically. Resurrection Christian School is an extension of the Christian Home; where God has given primary responsibility of educating children to the parent.

It is to be understood that attendance at Resurrection Christian School is a privilege. All students that desire to continue to attend RCS must meet academic and behavioral expectations and desire to grow in Christ.

Resurrection Christian School exists to help young people grow into the fullness of Christ, with a strong emphasis on academic training. It should be recognized that Resurrection Christian School does not have the resources to effectively teach and train children with certain physical handicaps and learning difficulties. In addition, students must have the ability to learn, grow, and mature at the appropriate grade level.

1. Spiritual -

- Build a foundation of Christian principles and values in order to successfully integrate Christian philosophy into our students' total life.

- Nurture competency in communication and research skills, and in the ability to make mature decisions.
2. Academic -
 - Provide quality academic education.
 - Encourage learning of necessary skills required for meaningful participation in society as an adult.
 3. Social -
 - Provide students with opportunities for growth in the social skills required for adequate involvement in today's society.
 - Enable students to adequately understand and appreciate the privileges and responsibilities of living in a democracy.
 4. Physical -
 - Provide opportunities for learning skills necessary to participate in physical activities and a healthy lifestyle.
 - Provide opportunities for participation in individual and team physical activities.

PHILOSOPHY OF CHRISTIAN SCHOOL EDUCATION

1. Life has meaning only as all aspects of man's experience are related to the one true God who created man in His image.
2. The visible creation, the Bible, and Jesus Christ are, respectively, the natural, the written, and the personal revelations of the one true God to mankind.
3. The Holy Spirit is given to believers to guide them into all truth.
4. The Bible is the inspired and only infallible authoritative Word of God.
5. All truth has its source in God.
6. All wisdom and knowledge begins and ends in the knowledge of God and His Word.
7. Education is a growth process including teaching, instructing, training, correction, and disciplining. It must be based upon the total developmental needs of the individual learner as far as possible.
8. God has clearly given to parents the primary responsibility for the education of their children.
9. In the Christian school the teacher, called of God and gifted in teaching, shares a part of the burden and responsibility with the parent.

RCS Articles of Incorporation & Bylaws

Last Revised June 8, 2011

10. Both the parent and the teacher share an awesome responsibility. Through fulfillment of this responsibility in obedience to God, parents and teachers reap honor from their children and blessings from the Lord.
