## BOARD POLICY MANUAL

Adopted: [May 6, 2008]

Revision Version:

## **Governance Process Category**

**Policy Category: Governance Process**  
**Policy Name: 1.0 General Governance Process**

---

The purpose of the Board, on behalf of God and Resurrection Fellowship, is to see to it that the Resurrection Christian School (a) achieves worthwhile and appropriate results for appropriate persons at an appropriate cost (as prescribed in the Board's *Ends* policies), and (b) avoids unacceptable actions and situations (as proscribed in the Board's *Executive Limitations* policies).

Revision Dates:

**Policy Category:** ***Governance Process***  
**Policy Name:** **1.1 Function of the Board**

---

The function of the Board is to make biblically-informed decisions that define expectations, delegate authority, and monitor whether those expectations were met or that authority was abused.

Revision Dates:

**Policy Category: Governance Process**  
**Policy Name: 1.2 Duty or Job of the Board**

---

The Board's duty or job, as an informed agent of God and Resurrection Fellowship, is to assure appropriate organizational performance and measurement by producing certain results, the accountability for which may not be assigned to any other person.

In the following order of priority, the Board has direct responsibility to create and maintain:

1. The link, bridge or connection to those from whom the Board derives its legal and moral authority and the operational organization (i.e., the link between those who own the organization and those who work for it).
2. Written governing policies that address the broadest levels of all organizational decisions and situations.
  - a. *Ends*: organizational products, impacts, benefits, outcomes, recipients, and their relative worth or priority (i.e., what good for whom at what cost).
  - b. *Executive Limitations*: constraints on executive, administrative, educational, or operational authority that establish the prudent, ethical, biblical and just boundaries within which all executive activity and decisions must take place (what may not happen, or what is undesirable or not approvable, even if it accomplished Ends).
  - c. *Governance Process*: specification of how the Board conceives, carries out, and monitors its own purpose, function, and duty.
  - d. *Board-Executive Relationship*: how authority is delegated and its proper use; the Superintendent/CEO's role, authority, and accountability; and the operational role, authority and accountability of any other person directly accountable to the Board.
3. Assurance of successful organization|Superintendent performance on *Ends* and *Executive Limitations*.
  - a. Establish or change Superintendent compensation, benefits, perquisites, or employment terms.
  - b. Decide any issue or matter not specifically delegated to the Superintendent.
  - c. Monitor Superintendent performance solely against *Ends* and *Executive Limitations* policies and take any action related thereto.

Revision Dates:

**Policy Category: Governance Process**  
**Policy Name: 1.3 Governance and Leadership Strategy**

---

The Board will govern lawfully, ethically, morally, biblically and prudently with an emphasis on:

- (a) outward vision rather than an internal preoccupation,
- (b) encouragement to openly express viewpoints while maintaining the unity of the Spirit,
- (c) strategic leadership more than administrative detail,
- (d) clear distinction of Board and Superintendent roles,
- (e) collective rather than individual decisions,
- (f) future rather than past or present,
- (g) proactivity rather than reactivity,
- (h) transparency, and
- (i) listening to God for direction.

1. The Board will cultivate a sense of group responsibility. The Board, not the staff, will be responsible for excellence in governing. The Board will be the initiator of policy, not merely a reactor to staff initiatives. The Board will not use the expertise of individual members to substitute for the judgment of the Board as a whole, although the expertise of individual members may be used to enhance the understanding of the board members as a group.
2. The Board will direct, control and inspire the organization through the careful establishment of broad written policies reflecting the Board's values and perspectives, which should be derived from those of the legal and moral ownership of the organization. The Board's major policy focus will be on the intended long term impacts outside the staff organization, not on the administrative or programmatic means of attaining those effects.
3. The Board will enforce upon itself whatever discipline is needed to govern with excellence. Discipline will apply to matters such as attendance, preparation for meetings, policymaking principles, respect of roles, and ensuring the continuance of governance capability. Although the Board can change its *Governance Process* policies at any time, it will observe them scrupulously while in force.
4. Continual Board development will include orientation of new board members in the Board's governance process and periodic Board discussion of process improvement.
5. The Board will allow no officer, committee, or member of the Board or any other individual or group to hinder or be an excuse for not fulfilling its commitments.
6. The Board will monitor and discuss the Board's process and performance at each meeting. Self-monitoring will include comparison of Board activity and discipline to relevant policies in the *Governance Process* and *Board-Executive Relationship*.

Revision Dates:

**Policy Category: Governance Process**  
**Policy Name: 1.4 Strategic Agenda Planning**

---

To accomplish its duty to produce appropriate governing products with a governance strategy consistent with Board policies, the Board will follow an annual agenda which (a) completes a re-exploration of *Ends* policies annually, (b) a review of all other Board policies annually, and (c) continually improves Board performance through Board education and enriched input and deliberation.

1. The agenda cycle will conclude each year on the last day of July so that administrative planning and budgeting can be based on accomplishing a one year segment of the Board's most recent statement of long-term ends.
2. The cycle will start in August with the Board's development of its agenda for the next year or two.
  - a. Consultations with selected ownership groups, or other methods of gaining ownership input, will be determined and arranged in the first quarter to be held during the balance of the agenda cycle.
  - b. Governance education, and education related to Ends determination (e.g., presentations by futurists, demographers, market researchers, advocacy groups, staff, experts, etc.) will be arranged in the first quarter, to be held during the balance of the agenda cycle.
3. Throughout the year, the Board will attend to consent agenda items as expeditiously as possible.
4. Organization|Superintendent monitoring will be included on the agenda if monitoring reports show policy violations, if policy criteria are to be debated, or if interpretations, data or conclusions are to be questioned by at least one board member.
5. During March, Superintendent remuneration will be decided after a review of monitoring reports received in the last year.

Revision Dates:

**Policy Category: Governance Process**  
**Policy Name: 1.5 Role of the Board President**

---

The Board President assures the integrity of the Board's governance process and, secondarily, occasionally represents the Board to outside parties.

1. The assigned result of the President's job is that the Board behaves consistently with its own rules and those legitimately imposed upon it from outside the organization.
  - a. Meeting discussion content will be on those issues which, according to Board policy, clearly belong to the Board to decide or to monitor.
  - b. Information which is for neither monitoring performance nor for Board decisions will be avoided or minimized and always noted as such.
  - c. Deliberation will be fair, open and thorough, but also timely, orderly, and kept to the point.
2. The authority of the President consists in making decisions that fall within topics covered by Board policies on *Governance Process* and *Board-Executive Relationship*, with the exception of (a) employing or terminating the employment of a Superintendent and (b) where the Board specifically delegates portions of this authority to others. The President is authorized to use any reasonable interpretation of the provisions in these policies.
  - a. The President is empowered to chair Board meetings with all the commonly accepted power of that position (e.g., ruling, recognizing).
  - b. The President has no authority to make decisions about policies created by the board within *Ends* and *Executive Limitations* policy areas, including any staff means issues. Therefore, the President has no authority to supervise or direct the Superintendent.
  - c. The President may represent the Board to outside parties in announcing Board-stated positions and in stating chair decisions and interpretations within the area delegated to her or him.
  - d. The President may delegate this authority, but remains accountable for its use.

Revision Dates:

**Policy Category: Governance Process**  
**Policy Name: 1.6 Board Members' Code of Conduct**

---

The Board commits itself and its members to ethical, moral, biblical, businesslike, and lawful conduct, including members' proper use of authority and appropriate decorum while acting as directors or trustees.

1. Board members must have loyalty to the legal and moral ownership, unconflicted by loyalties to staff, other organizations, and any self-interest.
2. Board members must avoid conflict of interest with respect to their fiduciary responsibilities.
  - a. There will be no self-dealing or business by a board member with the organization or its affiliates. Members will annually disclose their involvements with organizations or with vendors, staff or students and any other associations that might be reasonably seen as representing a conflict of interest.
  - b. When the Board is to decide on an issue about which a member has an unavoidable conflict of interest, that member shall disclose such conflict and absent him- or herself without comment not only from the vote but from the deliberation.
  - c. Board members will not use their Board position to obtain employment in the organization or its affiliates for themselves, family members, or close associates. A board member who applies for employment must first resign from the Board.
  - d. An employee who becomes a candidate for the Board shall automatically be deemed to be on an extended leave of absence during his or her candidacy. An employee candidate who successfully becomes a board member shall be deemed to have automatically and voluntarily resigned as an employee, effective upon taking the oath of office as a board member.
3. Board members may not attempt to exercise individual authority over the organization, its affiliates, or any of their parts or staff.
  - a. Members' interaction with the Superintendent or with staff must recognize the lack of authority vested in individual board members except when explicitly authorized by the Board.
  - b. Members' interactions with the public, the press, or other entities must recognize the same limitation and the inability of any board member to speak for the Board except to repeat explicitly stated Board decisions.
  - c. Except for participation in Board deliberation about whether the Superintendent has achieved any reasonable interpretation of Board policy, members will not express individual judgments of performance of staff including the Superintendent.
4. Board members will respect the confidentiality appropriate to issues of a sensitive nature.
5. Board members will be properly prepared for Board deliberation.

6. Board members will support the legitimacy and authority of the final determination of the Board on any matter, irrespective of the member's personal position on the issue.

Revision Dates:

**Policy Category: Governance Process**  
**Policy Name: 1.7 Board Committee or Liaison Principles**

---

Board committees or liaisons, when used, will be assigned so as to reinforce the wholeness of the Board's job and so as never to interfere with delegation from Board to Superintendent.

1. Board committees or liaisons are to help the Board do its job, not to help, advise, or exercise authority over administration, faculty or staff. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation or by performing specific audit functions. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.
2. Board committees or liaisons may not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the Superintendent.
3. Board committees and liaisons may not exercise authority over staff.
4. Board committees, liaisons and members are to avoid over-identification with organizational parts rather than the whole. Therefore, a Board committee or liaison that has helped the Board create policy on some topic will not be used to monitor organizational performance on that same subject.
5. Expectations, composition, and authority of each committee or liaison will be carefully stated in the attached table "Committee and Liaison Assignments" in order to establish their job products, performance time lines, Board-authorized use of funds and administrative or staff time, and the monitoring schedule of their work, as well as to avoid conflicting with authority delegated to the Superintendent or President.
6. Because the Superintendent works for the full Board, he or she will not be required to obtain approval of a Board committee or liaison before an executive action.
7. Committees and liaisons will be used sparingly and usually in an *ad hoc* capacity. Unless otherwise stated in the "Committee and Liaison Assignments" table, a committee or liaison ceases to exist as soon as its task is complete.
8. This policy applies to any group or role that is formed by Board action, regardless whether it is called a committee or liaison, and regardless whether the group or role includes one or more board members. This policy does not apply to committees or liaisons formed under the authority of the Superintendent.
9. The only Board committees are those that are set forth in this policy, in the attached table "Committee and Liaison Assignments."

<b>Committee or Liaison Name</b>	<b>Job Product(s) or Expectations</b>	<b>Composition</b>	<b>Authority</b>	<b>Authorized Funds and Staff Time</b>	<b>Monitoring Schedule and Other Timelines</b>

**Policy Category: Governance Process**  
**Policy Name: 1.8 Investment in Governance**

---

Because poor governance costs more than learning to govern well, the Board will consciously invest in its capability to govern competently and wisely.

1. Board skills, methods, and supports will be sufficient to ensure governance with excellence.
  - a. External monitoring assistance will be arranged so that the Board can exercise confident control over organization performance. This may include, but is not limited to, financial audits, asset condition reviews, and student, parent/guardian, employer, college and community member satisfaction assessments.
  - b. Engagement, outreach and survey methods will be used as needed to ensure the Board's ability to listen to ownership viewpoints and values, as well as to listen to other significant stakeholder viewpoints and values, especially from an ownership, stewardship or consumer perspective.
  - c. Outside Ends-related educational resources will be used as needed to inform the Board about potential alternatives and their implications for Ends determination.
  - d. Training and retraining will be used liberally to orient new members and candidates for membership, as well as to maintain and improve existing member skills and understandings.
2. Costs will be prudently incurred, though not at the expense of endangering the development and maintenance of superior capability.
  - a. Costs of external monitoring will be no more than \$4,000 in 2008, increasing at the inflation rate thereafter.
  - b. Costs of Board engagement with ownership and others will be no more than \$500 in 2008, increasing at the inflation rate thereafter.
  - c. Costs of outside Ends education, including environmental analyses, futurists' projections, expert presentations, workshops, and materials will be no more than \$4,000 in 2008, increasing at the inflation rate thereafter.
  - d. Costs of Board training, candidate and new board member training and orientation, including facilitation, workshops and materials, will be no more than \$1,000 in 2008, increasing at the inflation rate thereafter.
3. Each March, the Board will establish its investment in governance budget for the next fiscal year.

Revision Dates:

**Policy Category: Governance Process**  
**Policy Name: 1.9 Monitoring Governance Process**

---

Systematic monitoring of the Board's *Governance Process* and *Board-Executive Relationship* policies will be against the policies themselves.

1. Monitoring is simply to determine the degree to which the Board and its members are adhering to its *Governance Process* and *Board-Executive Relationship* policies.
2. Monitoring data will be acquired by three methods: (a) by direct Board inspection, in which one or more designated members of the Board assess compliance with appropriate policy criteria; (b) by community inspection, in which one or more designated members of our community assess compliance with appropriate policy criteria; and (c) by external report, in which an external, disinterested expert selected by the Board assesses compliance with selected policy criteria.
3. In every case, the standard for compliance will be *any reasonable interpretation of the President* of the Board policy being monitored. The Board is final arbiter of reasonableness, but will always judge with a "reasonable and prudent person" test rather than with interpretations favored by individual board members or the Board as a whole.
4. All policies will be monitored at a frequency and by a method chosen by the Board. The Board may monitor any policy at any time, but it will ordinarily monitor relevant *Governance Process* and *Board-Executive Relationship* policies with direct Board inspection during each Board meeting and will monitor all of these policies by direct Board inspection in June each year.

## **BOARD MEMBER COMMITMENT**

RCS Board members are charged with many responsibilities and duties. Nothing is more important than keeping Jesus first in your life and seeking Him diligently. Praying daily for the leadership of Resurrection Fellowship, RCS and our student body and families would certainly be of critical importance as well.

We are admonished by Scripture to “endeavor to keep the unity of the Spirit in the bond of peace”<sup>1</sup> at all times. This does not mean we must all have the same opinions and thoughts about how things should be done. It means we are to recognize we are one with the Lord<sup>2</sup> and we are to remain under His lordship and direction, trusting Him to bring His will to pass in our lives. We are to avoid strife, vain arguments, gossip and things of this nature that would undermine unity and hinder the flow of the Holy Spirit in our lives, in the Church and in the School. We must live and work with one another with the recognition that we are under authority established by God. To be effective in working together in order to accomplish what God has put before us, each of us must commit in our hearts to the following attitudes and actions:

1. Be diligent to daily seek the Lord to know Him.
2. Be diligent to study the Word of God.
3. Seek to daily walk in the Spirit.
4. Pray for and bless the Board, RCS administrators, staff, students and families and the churches and pastors of Northern Colorado.
5. Speak the truth in love and share openly and honestly with one another.
6. Be diligent to prepare for Board meetings by reading, praying and completing any tasks assigned at prior meetings.
7. Trust in the Lord with all your heart and lean not to your own understanding.

I have read and agree with the above statements. By the grace of God I will serve as a school board member committed to bringing about God’s vision for our School.

**Policy Category: Governance Process**  
**Policy Name: 1.12 Mission and Philosophy of Education; Philosophy of Christian Education**

---

Mission = Christian Education Committed to Excellence

The educational process in a Christian school is dependent on a Biblical philosophy, which provides the right world view and essential truths for life so that children may be prepared to assume their proper place in the home, the church, and the state. Accordingly, the world view of education for Resurrection Christian School is as follows:

Our Educational Philosophy is to train young people spiritually, academically, socially and physically. Resurrection Christian School is an extension of the Christian Home; where God has given primary responsibility of educating children to the parent.

It is to be understood that attendance at Resurrection Christian School is a privilege. All students that desire to continue to attend RCS must meet academic and behavioral expectations and desire to grow in Christ.

Resurrection Christian School exists to help young people grow into the fullness of Christ, with a strong emphasis on academic training. It should be recognized that Resurrection Christian School does not have the resources to effectively teach and train children with certain physical handicaps and learning difficulties. In addition, students must have the ability to learn, grow, and mature at the appropriate grade level.

1. Spiritual -
  - Build a foundation of Christian principles and values in order to successfully integrate Christian philosophy into our students' total life.
  - Nurture competency in communication and research skills, and in the ability to make mature decisions.
2. Academic -
  - Provide quality academic education.
  - Encourage learning of necessary skills required for meaningful participation in society as an adult.
3. Social -
  - Provide students with opportunities for growth in the social skills required for adequate involvement in today's society.
  - Enable students to adequately understand and appreciate the privileges and responsibilities of living in a democracy.
4. Physical -
  - Provide opportunities for learning skills necessary to participate in physical activities and a healthy lifestyle.

- Provide opportunities for participation in individual and team physical activities.

### PHILOSOPHY OF CHRISTIAN SCHOOL EDUCATION

1. Life has meaning only as all aspects of man's experience are related to the one true God who created man in His image.
2. The visible creation, the Bible, and Jesus Christ are, respectively, the natural, the written, and the personal revelations of the one true God to mankind.
3. The Holy Spirit is given to believers to guide them into all truth.
4. The Bible is the inspired and only infallible authoritative Word of God.
5. All truth has its source in God.
6. All wisdom and knowledge begins and ends in the knowledge of God and His Word.
7. Education is a growth process including teaching, instructing, training, correction, and disciplining. It must be based upon the total developmental needs of the individual learner as far as possible.
8. God has clearly given to parents the primary responsibility for the education of their children.
9. In the Christian school the teacher, called of God and gifted in teaching, shares a part of the burden and responsibility with the parent.
10. Both the parent and the teacher share an awesome responsibility. Through fulfillment of this responsibility in obedience to God, parents and teachers reap honor from their children and blessings from the Lord.

## **Board-Executive Relationship Category**

**Policy Category:** *Board-Executive Relationship*  
**Policy Name:** **2.0 General Board-Executive Relationship**

---

The Board's sole official connection to the operational organization, its administration, faculty and staff, its methods and practices, and its achievements and conduct, will be through a chief executive officer (CEO) titled Superintendent.

Revision Dates:

**Policy Category:** *Board-Executive Relationship*  
**Policy Name:** **2.1 Unity of Command**

---

Only officially passed motions of the Board, speaking authoritatively as a group, are binding on the Superintendent.

1. Decisions, directions or instructions from individual board members, officers, committees or liaisons are not binding on the Superintendent or staff except in rare instances when the Board has specifically authorized such exercise of authority.
2. In the case of board members, committees or liaisons requesting information or assistance without Board authorization, the Superintendent may refuse such requests that require, in the Superintendent's opinion, a material amount of staff time or funds or are disruptive.

Revision Dates:

**Policy Category:** *Board-Executive Relationship*  
**Policy Name:** **2.2 Accountability of the Superintendent**

---

The Superintendent is the Board's only official link to operational achievement and conduct, so that all authority and accountability of administration, faculty and staff is considered by the Board to be the authority and accountability of the Superintendent.

1. The Board may never give directions or instructions to persons who report directly or indirectly to the Superintendent.
2. The Board will not evaluate, either formally or informally, any administrator, faculty or other staff other than the Superintendent.
3. The Board will view Superintendent performance as identical to organization performance so that organization accomplishment of Board-prescribed *Ends* and avoidance of Board-proscribed means (i.e., *Executive Limitations*) will be viewed as successful Superintendent performance.

Revision Dates:

**Policy Category: Board-Executive Relationship**  
**Policy Name: 2.3 Authority of the Superintendent**

---

The Board will instruct the Superintendent through written policies that prescribe organizational outcomes (*Ends*) to be achieved and proscribe organizational circumstances to be avoided (*Executive Limitations*), allowing the Superintendent to use any reasonable interpretation of these policies within those *Ends* and *Executive Limitations*.

1. The Board will develop policies instructing the Superintendent to achieve specified results for specified recipients at a specified cost and/or priority. These policies will be developed systematically from the broadest, most general level to more defined levels and will be called “*Ends*” policies. All issues that are not ends issues are defined here as means issues.
2. The Board will develop policies that limit the latitude the Superintendent may exercise in choosing the organizational means. These policies will be developed from the broadest, most general level to more specific or narrow levels, and they will be called “*Executive Limitations*” policies. The Board will avoid prescribing organizational means delegated to the Superintendent, (i.e., the Board will avoid telling the Superintendent or staff what to do or how to do it).
3. As long as the Superintendent uses *any reasonable interpretation* of the Board’s *Ends* and *Executive Limitations* policies, the Superintendent is authorized to establish all further policies, make all decisions, take all actions, establish all practices, and pursue all activities. Such decisions of the Superintendent shall have the full force and authority as if decided by the Board.
4. The Board may change its *Ends* and *Executive Limitations* policies, thereby shifting the boundary between Board and Superintendent domains. By doing so, the Board changes the latitude of choice given to the Superintendent. As long as any particular delegation is in place, the Board will respect and support the Superintendent’s choices.
5. All prescriptions or proscriptions contained within any higher or more general level of *Ends* or *Executive Limitations* policy apply to all lower or more specific policies within that same category of policies.

Revision Dates:

**Policy Category: Board-Executive Relationship**  
**Policy Name: 2.4 Evaluation of Organization|Superintendent Performance**

---

Systematic and rigorous evaluation of Superintendent job performance will be solely against the only expected Superintendent job products: organization accomplishment of the provisions of the Board's *Ends* policies and operation of the organization within the boundaries established in the Board's *Executive Limitations* policies.

1. Monitoring is simply to determine the degree to which Board policies are being met. Information that does not do this will not be considered to be monitoring information.
2. The Board will acquire monitoring information by one or more of three methods: (a) by internal report, in which the Superintendent discloses interpretations, evidence and achievement information to the Board; (b) by external report, in which an external, disinterested third party selected by the Board assesses compliance with Board policies; or (c) by direct Board inspection, in which a designated member or members of the Board assess compliance with the appropriate policy criteria.
3. In every case, the standard for compliance shall be *any reasonable interpretation by the Superintendent* of the Board policy being monitored. The Board is the final arbiter of reasonableness, but will always judge with a "reasonable and prudent person" test rather than with interpretations preferred by board members or by the Board as a whole.
4. The Board will judge (a) the reasonableness of each Superintendent interpretation, including its clarity, relevance, quantified standards, justification and completeness (b) whether data or evidence directly demonstrate accomplishment of that interpretation, and (c) if accomplishment has not been demonstrated, when or under what circumstances the organization shall accomplish a reasonable interpretation of the Board's policy.
5. All policies that direct or instruct the Superintendent will be monitored at a frequency and by a method chosen by the Board. The Board may monitor any policy at any time by any method for all or any part of the organization but will ordinarily depend on the routine schedule shown in the table on the following page.

<b>Policy</b>	<b>Method</b>	<b>Frequency</b>	<b>Month</b>

**Policy Name:** **2.5 Superintendent Compensation**

---

- 1.1. **Superintendent Compensation.** Superintendent compensation will be decided by the Board as a whole and based on organization performance, executive market conditions, fiscal ability and public image.
1. Organization performance will be only that performance revealed by the monitoring system to be directly related to criteria given by the Board in policy.
  2. Compensation will cover the entire range of salary, bonus, benefits, perquisites, and all other forms.
  3. Compensation is to be competitive with similar performance within the marketplace while placing a portion of the Superintendent's compensation at risk by tying it to *Ends* achievement and compliance with *Executive Limitations* policies. The executive marketplace to be considered includes organizations of comparable size, challenges, complexities within the same geographic region.
  4. A committee process may be used to gather information and to provide options and their implications to the full Board for its decision.

## **Ends Category**

**Policy Category:** *Ends*  
**Policy Name:** **4.0 General Ends**

---

At the highest level, the *Ends* of Resurrection Christian School are to develop students who are:

- Boldly Christian.
- Academically equipped.
- Globally prepared.

Each of these *Ends* describes a vital aspect of RCS's mission. In an effort to more clearly communicate the Board's heart and intent, the Board has developed statements that describe the essence of each of these *Ends*. While we state these *Ends* in terms of the result we seek to achieve by the time a senior graduates from RCS, we expect the process for achieving this (and the evidence that it is being achieved) to be evident in age appropriate ways throughout a student's career at RCS, beginning in elementary school.

**A Boldly Christian student:**

- Is born-again and Spirit-filled and can explain what that means to others:
  - Born-again: A born-again Christian is someone who has repented of their sins and turned to Christ for their salvation, and as a result has become part of God's family forever. All this takes place as God's Spirit works in our lives.
  - Spirit-filled: To be filled with the Holy Spirit; an event subsequent to conversion in which a believer experiences a fresh infilling with the Holy Spirit that will result in a greater love for God, hunger for His Word, greater victory over sin, increased power for ministry, and including but not limited to the receiving of new spiritual gifts.
- Is hungry for God in their life and demonstrates a growing ability to spiritually feed themselves and others:
  - Through Bible study.
  - By praying for themselves and others and readily asking for prayer when needed.
  - Through worship.
  - Through personal intimacy with God.
- Demonstrates in the classroom, athletic events, chapels and by personal example in the home, church and school that they are developing a Christ-like nature and character, by:
  - Seeking to consistently live out the heart Jesus gives those who follow Him.
  - Demonstrating self-control in relating to others and especially when challenged by others or by circumstances.
  - Consistently choosing to "follow after love and peace" with all people.
  - Sharing the Gospel with others appropriately and able to find answers to difficult questions asked by unbelievers.

- Demonstrating a sense of “confidence in Christ” reflecting a personal understanding that “I can do all things through Christ who strengthens me.”
- Lives their daily life and makes personal choices in a way that demonstrates their unabashed Christian faith and values, in spite of living in an increasingly apathetic and even anti-Christian society.
  - Lives out and can explain and defend a Christian worldview of life, self and others.
  - Understands and daily seeks to be a true follower of Christ, even though it requires self denial and “taking up one’s cross” in relationships with students, staff, family and those around them.
- Is passionate about growing deeper and deeper in their relationship with God and receives their hope, strength, peace and purpose from their relationship with Christ.

#### **An Academically Equipped student:**

- Demonstrates critical thinking and problem solving with a willingness to take risks and explore multiple solutions.
- Develops and applies wisdom gained through a growing relationship with God through His Word and Spirit.
- Has the core knowledge and skills needed to successfully live out their God-given calling. This includes:
  - All core academic, athletics and fine arts curriculums teach a biblical world view.
  - Students take ownership and accept responsibility for their wellbeing. Students have the knowledge skills, and ability to make educated choices concerning their social, emotional, and physical health, based on their identity in Christ.
  - Students demonstrate the essential skills of reading, writing, listening, speaking and numeracy.

  - Investigation
- Bible:
  - New Testament

**Policy Category:** *Ends*  
**Policy Name:** **4.1 Tuition Rates and Increases**

---

### **Philosophy of the RCS Board on Tuition Rates and Increases**

Resurrection Christian School is fully committed to affordable tuition for families of diverse socio-economic backgrounds. Fundamentally, we desire to provide a quality, Biblical worldview education which includes sufficient yet modern facilities, innovative curriculums, excellent mentor educators, and accounts for the annually increasing overhead costs of such an institution. Securing and retaining an excellent teaching staff with both a passion for children and their subject of instruction is of utmost importance. Educator wages, therefore, account for both experience and performance annually.

As a board, our objective is to meet these outlined operational costs while maintaining a commitment to as small an increase in tuition each year as is both feasible and responsible to both the families we serve, and the staff and teachers who are the lifeblood of the school. Any increases above 7 percent would be relayed to parents with opportunity for discussion and response before it is enacted.

Resurrection Christian School was founded upon the principle that it be a debt-free organization. Each building that has been added to the campus of the school was sacrificially provided for by the members of Rez Church. We will continue to strive to secure financial commitments, through the direction of the Holy Spirit, that allow project completion, debt-free.

Long range, the board hopes to build a substantial endowment for RCS that would cover all future building projects, further develop our staff and curriculums, provide improved benefit plans for staff, remain current in technology, and offer a greater plan of tuition assistance and scholarships for students in need.

Current financial assistance to students is offered through the RCS Foundation which holds a separate campaign annually. The Foundation may also provide a bonus for teachers and staff at the holidays.
